The submitted sample of the above equipment has been tested and found to comply with the following standards:  
**EN 149:2001+A1:2009**  
 Respirators protective devices - Filtering half masks to protect against particles - Requirements, testing, marking

The test results apply only to the particular sample tested and to the specific tests carried out. Technical reasons and circumstances are at the holder's disposal.  
 This certificate applies specifically to the sample investigated to suit your reference number only. It is possible to opt for CE marking to demonstrate low compliance with the PPE directive. Other relevant directives refer to CE marking.
